

PREFACE.

In presenting a revised edition of the Directory to the public, the publisher takes the opportunity to express his thanks for the encouragement he has received.

The present is the 52d edition of the Directory, the first appearing in 1789, containing 1,474 names. It was afterwards issued at different periods until 1831, since which time it has been an annual-publication.

In 1846 the Directory was first issued in its present form, and contained 25,488 names; it now contains 46,280. It will be noticed in the table annexed, that there has been a large addition to the list of names.

The result of our labors is highly gratifying: in every department of industry, and in every field of enterprise, we find indications of the substantial growth and prosperity of the city.

The attention of the reader is invited to the Table of Contents below, and to the Index to the Advertising Department on the next page.

DOCK SQUARE CLOTHING WAREHOUSE

KEITH & THORNTON.

(Successors to Earl W. Johnson & Co.)

MERCHANT TAILORS.

WHOLESALE AND RETAIL DEALERS IN

READY-MADE GLOTHING

FURNISHING GOODS.

CLOTHING made and sold at this ESTABLISHMENT is warranted to be just what it is represented to be. No humbug or clap-trap is used to make customers believe that the Moon is made of green cheese, or that a piece of Satinet is worth as much as fine Broadcloth. The Proprietors are satisfied from some experience, that honesty can be applied to the Clothing Trade, and make the business profitable.

ALIEN PASSENGERS.

ALBERT G. GOODWIN, SUPERINTENDENT FOR THE PORT OF BOSTON.

Salary, \$1,500. Office, 59 Long Wharf.

REGULATIONS.

The laws of 1848 and 1850, in relation to Alien Passengers, being somewhat stringent in their operation, the last Legislature deemed it advisable to change or modify some of their provisions for the better protection of the Commonwealth. The following amendment was made concerning Alien Pasmengers.

The fifth Section of the act entitled "An Act concerning Alien Passengers," approved on the tenth day of May, in the year one thousand eight hundred and forty-eight, is hereby amended so as to read

as follows

If on examination there shall be found among said passengers any lunatic, idiotic, deaf and dumb, blind, or maimed person, no such person shall be permitted to land until the master, owner, consignee, or agent of such vessel, shall make and deliver to said Superintendent a bond to the Commonwealth, with satisfactory sureties in the sum of one thousand dollars, conditioned that such passengers shall not, within ten years from date of said bond, become a city, town, or State charge within this Commonwealth. And in respect to every other of said passengers, the said Superintendent, before he shall be permitted to land, shall require a bond, secured as aforesaid, in the sum of three hundred dollars, conditioned that such persons shall not become a charge as aforesaid within five years from the date of said bond; provided, however, that in lieu of the bond lastly above mentioned, the said Superintendent may receive from said master, owner, consignee or agent, such sum as in his judgment shall be sufficient to cover the risk incurred by the Commonwealth in permitting such passenger to be landed; and thereupon permit such passenger to be landed, provided that the sum so to be paid shall in no case be less than two dollars; and the names of all such passengers shall be certified by said Superintendent on the back of the report; and provided further, that if any passengers so arriving as aforesaid are so sick or destitute as to require relief, and if said master shall refuse to report them, or if said master, owner, consignee or agent shall refuse to give such bond as is herein required, the said Superintendent may permit them to be landed; and in such cases, any city or town that shall be put to any expense for the support, sickness, or burial of any such passenger, within ten years of the time he has so landed, may maintain an action of debt against said master, owner, consignee, or agent, and recover all expenses incurred as aforesaid; and said commanding officer, owner, consignee, or agent, shall be liable to the penalties provided in the tenth section of this act.

Masters shall, within twenty-four hours after arrival, furnish to the Superintendent a list of the

names, sex, occupation, condition, &c., of each passenger. No passenger shall be landed until such

report shall have been made, and the proper examination made by the Superintendent,

Pilots and masters of vessels arriving with steerage passengers from Europe, are to anchor such vessels to the southwest side of Deer Island, until an inspection is made, and a permit given. No persons, except those allowed by law, will be permitted to go on board until the vessel is fully discharged by the proper officers.

Vessels arriving from any other ports with Alien Passengers on board must anchor to the eastward

of the lines prescribed for the regulation of Boston Harbor, and there wait an inspection.

Masters of vessels will greatly facilitate business by having a correct list of all the passengers, before their arrival in port.

ALIEN PASSENGERS AND STATE PAUPERS.

An Act to appoint a Board of Commissioners in relation to Alien Passengers and State Paupers, was passed by the Legislature, 1851, which contained the following sections:

SECT. 1. The Governor and Council shall, in the month of January, annually, appoint a member of the Council, who, with the Auditor of Accounts of the Commonwealth, and the Superintendent of Alien Passengers for the city of Boston, shall constitute a Board of Commissioners to superintend the execution of such laws as are now in force, or may here after be enacted in relation to the introduction of Alieus into this Commonwealth, and the support of State Paupers

SECT. 2. The Commissioners shall have authority to appoint one or more persons, whose duty it shall be to vi-it, at least once in every year, all the almshouses or places in the Commonwealth, where State Paupers are supported, and ascertain from actual examination and inquiry, whether the taws in respect to such Paupers are properly regarded, particularly in relation to such as are able to labor, or are but partially supported by the respective cities and towns; and, in case any infractions of the laws are discovered, make immediate report thereof to the Commissioners, who shall examine and decide upon all such cases, and thereupon notify the Auditor of Accounts. The Commissioners shall also give such directions as will insure correctness in the returns now required to be made in relation to Paupers, and may use such means as are necessary to collect all desired information in relation to their support. use such means as are necessary to collect all desired information in relation to their support.

SECT. 5. Any aliens or other persons who shall be brought into this Commonwealth as above specified, shall, if they fail sick, or from any cause become a public charge within one year after coming into the Commonwealth, be supported so long as necessary, at the expense of said corporation or party by whose means they were brought into the Commonwealth, in the same manner as is now provided in regard to Alien Passengers by water; provided, however, that the party liable for support shall be notified of his liability, in any particular case, as soon as practicable, in order that he

may, if so disposed, provide for other means of support or removal.

SECT. 6. The Commissioners shall accurally in the month of January, make a report of their doings to the Governor and Council, and shall therein make such suggestions in relation to the present or other plans for the support of Paupers, as may occur to them.

The undersigned, Commissioners authorized by law to carry the foregoing act into effect, respectfully give notice that the same will be enforced on and after June 23, 1851.

Every person or corporation bringing Aliens into the State, by railroad or other conveyances, as contemplated by the law in question, is requested to notice said law and comply with its provisions.

CHANDLER R. RANSOM, CHARLES H. STEDMAN, ALBERT G. GOODWIN, Commissioners for 1856.

LOAN FUND ASSOCIATIONS.

THESE INSTITUTIONS are of recent origin in this country. Their object is two-fold, viz —as Institutions for Savings, with the advantage of accumulations from profits, and as Loan Institutions, with the restriction of making loans only to members. Each member can continue to deposit for the purpose of saving, and finally drawing the ultimate dividend, or he can become a borrower, at his own election.

The PLAN is as follows:—Members take as many shares as they choose: the Entrance fee is \$1.00 on each. The monthly dues to be paid on each share, will be \$2.00. The ultimate par value, or dividend to be received on each share by the member, is \$500.00. Each member has one vote, whether he holds one or ten shares. The duration of the Society not to exceed eight years. This is the common plan: a few associations, however, have varied from it in the Society not to exceed eight years. T. amounts, without affecting the ratio.

The Associations vary in size, having from 500 to 1200 shares; and they have thus far been very successful: many of them bidding fair to terminate in less than seven years. They have been in operation in this State, about four years. To illustrate the manner of redeeming the shares, or of loaning money, suppose an Association to have 1000 shares; the monthly income would be \$2.000.00 [All interest accomulated, is added to the general fund each month.] At each monthly meeting, the ultimate par value of one share, (\$500.) is put up to be bid for by the members. This is called redeeming one share; and the member who bids the highest premium, to be deducted, or in other words, who will take the sun flest amount, has his share redeemed; and others, if he wishes, at the same rate.

If A MEMBER bids \$300.00 premium, he would get \$200.00 advanced, or loaned to him. If he wants to borrow \$1000.00 he has five of his shares redeemed. If he owns less than five, he takes additional ones to make up five. He then gives a Bond to the Association, that he will pay the dues on his five shares regularly until the termination, and the interest on the \$1000.00. And to secure this, he gives a Mortgage on Real Estate. His five shares are now redeemed, [not cancelled] and he has no claim for the ultimate par value of \$500.00.

Many improvements have been suggested, and demanded, in the plans and operations of Loan Fund Societies; and

MANY IMPROVEMENTS have been suggested, and demanded, in the plans and operations of Loan Fund Societies; and last year, several gentlemen who were connected with various Loan Associations, and perfectly conversant with all the details, organized an Institution purporting to be upon an improved plan; this is the United States Association, and in it the more prominent evils of the general loan fund system are intended to be avoided, and many additional advantages secured.

In the United States Association, the amount to be advanced in the redemption of shares is fixed by the By-Laws: contingent to this single regulation, are many advantages; such as regulating the competition,—keeping all the shares in operation the same length of time,—preventing disproportionate loans, when there is little or no competition,—and,

in short, it very much simplifies and regulates its business.

This Institution is on an extensive plan, with Directors residing in the various towns and cities, so that persons in any part of the State may conveniently become members. It purposes to issue not less than five thousand shares! About 1500 shares were issued at the commencement, last season, and this summer, the Association is issuing 1000 additional shares, to be called Stock No. 2. Another year, more shares will be issued as Stock No. 3, &c. These items we gather from their books of explanations, which are given to those who call at their office.

MEDFORD BRANCH RAILROAD.

Trains run to and from Medford, a distance of five miles, eight times a day each way. Fare 17 cents. Time, 15 minutes. Season Tickets, \$44 a year. This is a beautiful village, and a desirable place for summer residence.

ADVANTAGES OF A RESIDENCE ON THIS ROUTE.

Somerville, Medford, Malden, Melrose, South Reading, and Reading, towns within the range of the special, as well as the longer trains, possess many advantages for country residences, either through the warm season or the whole year, not exceeded by those of any other towns in the vicinity of Boston. The cheapness of the fare, the number of trains, both early and late, in connection with the convenient depot at Boston, render this railroad a desirable channel of intercourse between the city and country. That the advantages of these places are appreciated, is evident from the increasing demand for residences on this route, the demand for house lots, and the steady rise in the value of the land.

PATENT AGENCY.

SAMUEL COOPER,

Late Chief Examiner in the U.S. Patent Office,

PROCURES PATENTS IN THIS AND FOREIGN COUNTRIES.

His long official connection with the Patent Office has rendered him familiar with its rules and practice, and with the history of invention in this and other countries; and this experience, with the frequent visits which he proposes making to the Patent Office, justifies him in saying that his Agency will offer to Inventors all the advantages of one located in Washington, and, in addition, those which result from a residence in the midst of mechanical and manufacturing industry.

Advice given upon all matters relating to the validity, &c., of patents, the novelty and patentability of inventions. Specifications and Drawings prepared,—Caveats filed,—Reconsiderations procured of applications that have been rejected upon imperfectly prepared papers,—Cases of interference, and applications for extension and re-issue prosecuted,—and in general, all business connected with the Patent Office, transacted with care and promptness.

British and other foreign patents procured, through prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials :-

FROM THE HON. CHARLES MASON, COMMISSIONER OF PATENTS.

U. S. PATENT OFFICE, FEB. 28, 1855.

I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with the Office; he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the Office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this Office with whom I am acquainted.

CHARLES MASON, Commissioner.

FROM THE EXAMINERS IN THE PATENT OFFICE.

"The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, lately a Principal Examiner in this Office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.

GREAT AMERICAN & FOREIGN OFFICE

SECURING PATENTS FOR INVENTIONS.

Agency for Business with the U.S. Patent Office, Washington.

EDDY,

No. 76 STATE STREET, opposite Kilby Street, BOSTON.

IMPORTANT INFORMATION TO INVENTORS:

The subscriber, (late Agent of the U. S. Patent Office, under the Act of 1837,) determined to present advantages, in applying for Patents, superior to those offered inventors by others, has made arrangements whereby on applications prepared and conducted by him, THIRTY DOLLARS (instead of Twenty, as paid back by others,) will be remitted by him in case of a failure to obtain a patent, and the withdrawal through him within thirty days after the

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

Caveats, Specifications, Assignments, and all Papers and Drawings necessary to the procural of patents in this and foreign countries prepared, and advice rendered on legal and scientific matters, respecting inventions, or infringement of patents. All necessity of a journey to

Washington to procure a patent, and the usual great delay there, are here saved inventors.

Copies of the claims of any patent furnished for one dollar. Assignments recorded at Washington. Patents secured in Great Britain, France, and other foreign countries, through R. H. EDDY, Solicitor of Patents. Agents of the highest respectability.

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office, as Solicitor for procuring patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot ampley a person more competent and trustworthy, and more capable of putting their apthey cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE, Late Commissioner of Patents."

FROM THE PRESENT COMMISSIONER.

"August 17, 1855 .- During the time I have held office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the office as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the Office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON, Commissioner of Patents."

From the Boston Intelligencer.

"We have had some expensive experience in the stupidity of untutored patent agents, and can ap-"We have had some expensive experience in the stupidity of untutored patent agents, and can appeal to protracted patent suits to sustain us, when we say that one error in the preliminary steps is fatal to all subsequent proceedings. In view of which facts, we recommend to our friends Mr. R. H. Eddy of No. 76 State Street, as the most experienced and thorough patent solicitor in our city. His long experience, his constant application, and his real, are too well known to require comment. He makes his employers' interests his own, and may be implicitly relied upon.

And it may be well to say that he has reduced his prices, so that he works cheaper than any of his competitors, and at any price the efficient man is the cheapest in the world. His references are a host of the greatest inventors, the best mechanics and ablest men in our midst, and he may well be proud of such men as those who speak in his praise."

SANCTIONED BY THE FACULTY OF MEDICINE.

TARRANTS' PREPARATIONS.

The attention of the Medical Profession and the Public is invited to the following preparations :

TARRANT'S EFFERVESCENT SELTZER APERIENT,

Prepared on an entirely new principle, from a late and accurate analysis of the celebrated Seltzer Spring in Germany, combining efficacy, economy and portability, with such additions and improvements as will be found materially to increase its efficacy. This much esteemed and highly valuable preparation will not fail to effectually remove Dyspepsia or Indigestion, Billious Affections, Headache, Heartburn. Acidity of the Stomach, Costiveness, Gout, Rheumatism, Loss of Appetite, Gravel, Nervous Debility, Nausea or Vomiting, Affections of the Liver, &c., &c.

FAMILY MEDICINES. Tarrant's Cordial Elixir of Turkey Rhubarb,

Takes its place as the best remedy for Dyspepsia or Indigestion of the present day; and for its efficacy and safety deserves the name of being in truth a Family Medicine. Those who suffer from excessive fatigue, mental anxiety or intellectual application of whatsoever kind, will find it to be a medicine of extreme value. It is particularly recommended to those suffering from Bilious and Nervous Headache, Diarrhoa, Constipation, Flatulency, Indigestion, Summer Complaints, Cholera Morbus, &c., &c. The utmost reliance can be placed on it, both as to its innocent nature and highly curative qualities.

TARRANT'S INDELIBLE INK.

A superior article, warranted by the proprietor, and acknowledged by all who have tested it, to be the best article of the kind now in use.

Tarrant's Compound Extract of Cubebs and Copaiba.

Sanctioned by popular opinion and high authority of the most distinguished of the medical faculty, it offers to the afflicted a remedy, whose success has in every instance supported its deserved reputation. Being convenient and agreeable in its use, experience has proved that it retains in every climate its desirable and truly valuable character. It is in the form of a paste, is tasteless, and does not impair the digestion. It is prepared with the greatest possible care, upon well tested principles. To persons following the sca, or going long voyages, this preparation possesses qualities far surpassing any other—neat and portable in form, speedy and effi acious in its operation, successful, both in the earliest and worst stages of the severest disease, while the usual and nauseous taste and unpleasant odor of Copalba is wholly avoided in this preparation.

Prepared and sole, wholesale and retail, by JOHN A. TARRANT, successor to James Tarrant, 278 Greenwich, corner of Warren Street, New York, and for sale by all the principal Druggists in the United States, British Provinces, West Indies and South America

Thorn's Compound Extract of Copaiba and Sarsaparilla,

Possesses a few advantages not enjoyed by any other medicine for the cure of the afflicted, and which must, with an enlightened public, render it assuredly highly popular, and a desideratum long sought for in the medical world. It needs no confinement or change of diet. In its approved form, that of a paste, it is entirely tasteless, and causes no unpleasant sensation to the patient. It has acquired the utmost fame in every part of Europe, has been examined approved, and sanctioned by the faculty of medicine, and recommended by the most eminent of the profession.

Prepared by J. B. Thorn, Chemist, London, and for sale wholesale and retail, by J. A. TARRANT, sole agent for the United States, 28 Greenwich Street, New York.

IMPORTANT CAUTION.

The increased reputation and great demand for Thorn's Compound Extract of Copada and Sarsaparilla have been inducements for others to offer imitations of this valuable medicine. Venders are particularly warned of this fact, that they may be on their guard, and not dispose of an impure article, calculated to injure their reputation, and destroy the merits of the original preparation, to obviate which, the subscriber (successor to James Tarrant, by whom it was first introduced into the United States,) has attached his signature to this caution, to counterfeit which is a forgery.

The Proprietor of the above Medicines is also Sole Agent for the Sale of

Dr. Grover Coe's Popular Family Medicines.

Amongst which are the following :

Amongst which are the following:

DR. COE'S HARMATTAN, the most efficient external application extant for the cure of Ulcers or Fever Sores, Abcesses, Felons, Biles, Carbuncles, Fistula, Piles, Neuralgia, Burns, Wounds, and every species of external inflammation. ENGLAND, May 26, 1854. FRANCE, June 14, 1854

Any intelligent mind cannot fail to see the wonderful economy in the consumption of fuel by this Invention, over the common Portable Furnaces. Immediately after the fire is kindled in the morning, the damper in the smoke pipe is closed for the day; when the only escape for the heated smoke and gases is through the continuous tapering trunk or radiator, terminating in the smoke pipe, which is reduced to a small vent of two inches in diameter.

The heated smoke and gases are thus compressed into the whole circuit of the trunk, and become wholly exhausted by radiation. The consequence is, that the formerly wasted fuel, which was lost by passing off in smoke and gases in a crude or unconsumed state, is here made available for generating heat.

MAYNARD & NOYES'

BLACK WRITING INK.

The manufacture of this Ink was established in 1816, and the quality has now been tested by the public for forty years. During this time it has been constantly increasing in public favor and patronage, and is now the leading article in the country. Those who may be ignorant of its superiority and reputation, are invited to read the following testimonials, and to make trial of it themselves. When the best judges, after using it twenty and more years, express themselves in one manner concerning its superior excellence, it is quite evident that no one need be troubled with bad Ink.

Messrs. Maynard & Noyes: Gentlemen,-Your renewing my testimonial of its superiority From Writing Ink has been in almost constant use by the the appearance of the records in my office. I am satofficers of this banking house for the last fifteen isfied it is superior to any I have used, and consider officers of this banking house for the last fifteen years, and has always been preferred to any other brand. It flows freely from the pen, and does not mould; and the color, though sometimes pale when first opened, becomes a beautiful permanent black. I have been a regular consumer of it myself during this time, excepting when curiosity has led me to make trial of other kinds, and take pleasure in being able to speak so favorably of it, and trust that my opinion, founded on such long experience, will induce opinion, founded on such long experience, will induce many who may not be so well acquainted with its merits to give it a trial.

Yours, respectfully, C. Dewey, Cashier.

Messrs. MAYNARD & Noves: Gentlemen, - We are happy in being able to say, that we entirely concur in the opinion expressed above of your Writing Ink, by Mr. Dewey, the Cashier of this Institution.

DUNN CAMERON, Pres. S. W. Whiting, Teller. D. DuPre, Bookkeeper. Respectfully yours,

Boston, January 10, 1848.

Messrs. MAYNARD & Noves: Gentlemen, - It is now, I believe, more than twenty years since the School Committee passed an order for using your Black Writing Ink in the City Schools. I have used it during that period, and deem it a first-rate article, and cheerfully recommended it to others. It flows freely from the pen, and increases in blackness for a work was the Lawrence plant of that the flows freely from the pen, and increases in blackness. it during that period, and deem it a first-rate arti-cle, and cheerfully recommended it to others. P. MACKINTOSH, JR., Principal of Writing Dep. Hancock School.

Office of Merchants' Ins. Co., Boston, Nov. 18, 1847.
Messrs. MAYNARD & Noves: Gentlemen,—I have used your Writing Ink for the last sixteen years. In 1840, I gave you a certificate of its excellence, and having continued its use ever since to my entire satisfaction, my opinion is confirmed in its superiority. It flows freely from the pen, and is, in all respects, the best Ink I have ever used.

George Homer, Secretary.

Registry of Deeds, Boston, Nov. 20, 1847.

Messrs. MAYNARD & Noves: I have made use of your Writing Ink for the Recording of Deeds, &c., the past twenty-five years, and having found it to suit

Bank of State of North Carolina, Raleigh, March 4, 1847. my wishes and purposes entirely, take pleasure in it particularly adapted for all purposes where per-manency of color is requisite or desirable. It flows well from the pen, and does not mould; and my oldest records prove its color to be unalterably black.

HENRY ALLINE, Register of Deeds.

Boston Post Office, Dec. 4, 1851.

Messrs. MAYNARD & NOVES: Gentlemen, — In
1843 I certified to the superior quality of your Writing Ink. I have continued to use it ever since that

time, and take pleasure in expressing as I then did my entire satisfaction with it. It has now been used in this office more than twenty years. Other Inks have during that time been tested, but yours has been in every instance preferred. For fluidity, black-ness, and permanency, none has been found equal to

GEORGE WM. GORDON, Postmaster.

Boudoin School, Boston, Dec. 10, 1851.

Messrs. MAYNARD & NOYES: I have used your Ink in the Writing Department of this School during the last twenty-four years, and feel pleased in being able to express the same favorable opinion of it that for so many years, that I can strongly recommend it to all of my profession, who so much need a first-rate article of writing liquid.

Jas. Robinson, Writing Master.

Boston, Dec. 2, 1851.

Messrs. MAYNARD & NOYES: I am pleased in being able to say that longer experience in the use of your Ink, and the occasional trial of other kinds, have confirmed the good opinion I some years since expressed concerning it. I have used it in my weekly preparations for the pulpit twenty-one years, and have found it suit my wishes entirely. Its peculiar excellence is that it becomes blacker by age, at the same time it flows easily from the pen, and is sufficiently desired. ciently dark to make what is written easily to be read immediately after it has been committed to paper.

Yours respectfully,
